The Workforce Development Programme provides a skills adviser to review your training and development strategy, identify your training needs and put together a training plan. Businesses with 10 or more employees may also be eligible for discretionary funding of up to £6000 to support the implementation of the training plan.

Tendering is increasingly important for growing businesses; part of WG's Supplier Development Service, we deliver workshops including How To Tender, ISO 9001 and ISO 14001 awareness, Contractors Health & Safety (CHAS) and Introduction to Lean. We also support businesses through B2B Networking and 1 -2 -1 advice on Tendering.
